PROFILE

Full-Stack Web Developer with proven experience in **Angular, React.js, nest js, and Laravel**, and skilled in **Docker**. I possess a solid foundation in software engineering and web systems, driven by a passion for cloud infrastructure and modern development workflows. My goal is to contribute to efficient, secure, and scalable digital solutions while continuously growing in the DevOps and web technologies ecosystem. I am currently looking for a professional employment to strengthen my practical expertise, take on new challenges, and contribute to building efficient and scalable digital solutions within a dynamic team.

PROFESSIONAL EXPERIENCE

- Freelance, Web Developer**

04/2025 | Remote – Sfax

 - Worked on two web applications: a logistics dashboard for shipment tracking and a secure e-learning platform with user management and content delivery. Technologies used include React.js. Key contributions included:
 - Created CI/CD pipelines with GitHub Actions for automated deployment
 - Developed and optimized dynamic, responsive front-end interfaces using React.js and Tailwind CSS
 - Improved user experience through clean design, reusable components, and responsive layouts
- Freelance, Fullstack Web Developer & Junior DevOps**

11/2024 – 03/2025 | Remote – Tunisia

 - Designed and deployed a fullstack web platform for hotel room booking, client management, and internal operations. The tech stack included Laravel, React.js, MySQL, and Docker for local development. Key contributions included:
 - Built a responsive front-end with React.js and a RESTful API in Laravel
 - Containerized the application using Docker and Docker Compose
 - Managed VPS deployment with SSL integration and custom domain configuration
- Doxso Technologies, Web Developer Intern**

01/2024 – 06/2024 | Sfax, Tunisia

 - During my final-year internship, I led the development of an innovative medical platform, **AlooDoctoer**, designed to enhance patient data management and facilitate communication among healthcare professionals. Key contributions included:
 - Front-end development using HTML5, CSS, and JavaScript.
 - Back-end implementation with PHP and Laravel to ensure a secure and scalable architecture.
 - Database management with MySQL, focusing on data centralization and confidentiality.
 - Utilized XAMPP for local development and testing.This project highlighted my expertise in full-stack web development and delivering secure solutions. View the project on **GitHub** .
- Exadev, Web Developer Intern**

01/2023 – 02/2023 | Sfax, Tunisia

 - During my second-year internship, I led the development of a fully functional E-commerce Website, applying my web development skills. Key contributions included:
 - Front-end design with HTML5 and CSS.
 - Back-end development with PHP and Laravel.
 - Utilizing XAMPP for local development and testing.
 - Manage the database with MySQL.This project demonstrated my proficiency in web development. You can view it here on **GitHub**.
- UIB - Groupe Société Générale, Web Development Intern**

01/2022 – 02/2022 | Sfax, Tunisia

 - During my first-year internship at UIB - Groupe Société Générale, I designed and developed a professional portfolio
 - Front-end design using HTML, CSS, JavaScript, and ReactThis project served as a tangible representation of my skills, creativity, and expertise in web development. You can view it here on **GitHub**

EDUCATION

- Bachelor's Degree in Information Technology,**
The Higher Institute of Technological Studies of Sfax

2021 – 2024 | Sfax, Tunisia
- High School Diploma (Baccalaureate),** Ali Bourguiba High School

2017 – 2021 | Sfax, Tunisia
